

CAPACITOR HOUSING TYPE C2m FOR VOLTAGE ADJUSTMENT IN HR-SYSTEM (90V system).

CAPACITOR HOUSING type C2m.

- Simple and flexible in use.
- Wide range of capacitor sizes, values – from 500pF to 6800pF.
- Use together with VPT2000/3
- Suits mostly of the voltage present indicators available on the marked.
- Simple installation.
- 1600V capacitors.
- Temperature range: -20 to +60 °C.
